RE: KLOVE Radio Station on 90.7FM in Hampton Roads, Virginia KLOVE radio station is the best family radio station in our area! It plays music the whole family loves and every song has a positive message in it. My family, like millions of others, are tired of hearing about sex, drugs, and violence in music played on other stations or other raunchy talk shows that you don't want your kids to be listening to. PLEASE keep KLOVE alive and help other areas in our country get access this awesome station! Thank you!!!
